

This listing of claims will replace all prior version, and listings, of claims in the application:

Listing of Claims:

Claim 1-5 (original)

Claim 6 (new): The method of claim 1 wherein the physically stabilized structure is stabilized by van der Waals forces acting between molecules of the composition.

Claim 7 (new): The method of claim 1 wherein the physically stabilized structure is a gel.

Claim 8 (new): The method of claim 1 wherein the method is applied directly from the surface as a bull-headed formation treatment applied indiscriminately to a production intervall.
